

ARP-IDEA FUNDING

School districts have received federal funds for the 2022-23 school year (ARP-IDEA Funding) to be used for special education purposes related to COVID needs. The amount varies based upon actions taken by the Federal Congress and Ohio Department of Education and Northmont has been informed it will receive \$232,000 for this grant. Northmont has identified needs to potentially use this funding that include temporarily adding special education personnel for the one year of the grant funding, intervention materials and professional development for their use and additional training for special education staff to support student behavioral needs.

In accordance with federal requirements, an in-person meeting for public input on the use of this funding is scheduled for February 10, 2022 at 10:30 AM at the Northmont Board of Education located at 4001 Old Salem Rd. Due to COVID protocols, reservations for meeting participation must be made in advance by contacting the Student Services Department at Northmont City Schools at 937-832-5036.
